REPORT OF THE SUPERINTENDENT

It is a pleasure to report to the citizens of Sullivan as Superintendent of Schools. The quality of a school reflects the community in which it functions, and here, in Sullivan, I find the school building and its equipment creates the physical environment for learning. At the same time no school can be better than its teachers, and I am proud to say we have two outstanding teachers instructing our children. Primarily they are responsible for developing and continuing the fundamental processes of learning, and at the same time providing a variety and range of other learning opportunities.

Today education is a cooperative enterprise needing the help and support of all citizens within our community; and only where public interest and knowledge is widespread can good schools grow. You, in Sullivan, should be proud of your fine school.

May I thank the School Board members, teachers and citizens for the splendid cooperation which exists.

PAUL L. CLARK,
Superintendent of Schools
